

Atea Pharmaceuticals to Present at 39th Annual J.P. Morgan Healthcare Conference

December 21, 2020

BOSTON, Dec. 21, 2020 (GLOBE NEWSWIRE) -- Atea Pharmaceuticals, Inc. (Nasdaq: AVIR) ("Atea"), a clinical-stage biopharmaceutical company focused on discovering, developing and commercializing antiviral therapeutics to improve the lives of patients suffering from life-threatening viral infections, today announced that Jean-Pierre Sommadossi, Ph.D., Founder, Chairman and Chief Executive Officer of Atea will present a corporate overview at the 39th Annual J.P. Morgan Healthcare Conference on Monday, January 11, 2021 at 9:10 a.m. ET.

A live webcast of the presentation will be available on the Company's [website](#). A replay of the webcast will be available for 90 days following the presentation.

About Atea Pharmaceuticals

Atea Pharmaceuticals is a clinical stage biopharmaceutical company focused on discovering, developing and commercializing therapies to address the unmet medical needs of patients with life-threatening viral diseases. Leveraging the Company's deep understanding of antiviral drug development, nucleoside biology, and medicinal chemistry, Atea has built a proprietary purine nucleotide prodrug platform to develop novel product candidates to treat single stranded ribonucleic acid, or ssRNA, viruses, which are a prevalent cause of severe viral diseases. Currently, Atea is focused on the development of orally-available, potent, and selective nucleotide prodrugs for difficult-to-treat, life-threatening viral infections, including severe acute respiratory syndrome coronavirus 2 (SARS-CoV-2), the virus that causes COVID-19, dengue virus, hepatitis C virus (HCV) and respiratory syncytial virus (RSV).
